## General Hardware

# Stringfellow-Hume Hardware Company.

Mr. Pattillo of Hico takes the place of Mr. Wright in the very popular firm of Wright & Gamble of this city. Mr. Wright by his unassuming manners and uniform courtesy has won for himself many friends who will regret his change of place. Mr. Pattillo will find it just a little difficult to fill his place.

The election passed off very quietly although there was much interest manifested in some of the candidates. The newly elected officers are all gentlemen of integrity and ability and will no doubt give the citizens the best service in their power. We congratulate the people of Randall county in their officers.

The Famous, Amarillo Texas, is the store in the Panhandle doing the business. They have their goods marked in plain figures. One price and spot cash. Money's worth or money back. They have 20 sales people selling goods all day long, and the prices they sell their goods would make you think they stole their goods. But I guess they were bought right and that is the reason they sell so cheap. Every Saturday evening a free Brass Band concert and every body is invited. So don't forget, if you want any goods write, wire or come yourself. You will save money.

Mr. and Mrs. L. V. Steen had the misfortune to lose their infant daughter this morning. We extend to them our heartfelt sympathy. Their precious babe has long been a sufferer from the various ills that beset mortals from the cradle to the grave, but at least their treasure is safe in the loving arms of Him who has said "suffer little children to come unto me and forbid them not for of such is the kingdom of Heaven."

The Burton-Lingo people have almost completely dismantled the old yard next to our office. Their stock is about all in the new yard now.

Winter is coming on and now is the time to consider winter clothing. J. A. Wansley & Co. are showing an elegant line of good wearable woollens for children and ladies wear. Be sure to see them before buying.

"But where to find that happiest spot below; Who can direct, when all pretend to know?" —Goldsmith.

Many are stilled to live in Northwest Texas, having proved the value of the land in this region as a good Crop Raiser. Not only Cattle, but Wheat, Cotton, Corn, Feed-Stocks, Cantaloupes, Garden Truck and Good Health flourish here—in a district where Malaria is impossible and very little done for Jails and Hospitals.

Land, which is being sold at really low figures—tho the constantly increasing demand is steadily boosting values—is still abundant; and Farms and Ranches of all sizes, very happily located, are being purchased daily.

We will gladly supply all bankers with a copy of a little book, published by the Northwest Texas Real Estate Association, which contains an interesting series of straightforward statements of what people have accomplished along the line of

## "THE DENVER ROAD"

Passenger Department, Fort Worth, Texas.

N. B.—We find our passenger patronage very gratifying. It is necessary to run three trains daily each way as far as Wichita Falls, and two clear thru. We continue, the year round, the excellent class A service that insures the preference of Colorado and California Tourists, winter and summer. By the way, we offer now more than half a dozen routes to California, the newest being via Dalhart (also good for old Mexico) with first grade eating cars all the way.

We sell a Home-Seeker's ticket, good thirty day, at one and a third fare the round trip, allowing stopovers at Vernon and points beyond, both ways.

\$100,000,000.

ONE HUNDRED THOUSAND DOLLARS worth of DIAMONDS, WATCHES AND GOLD JEWELRY will be displayed at the Thompson Drug Co. by Mr. Albert Linz of the well known and reliable firm of Jos. Linz & Bros. of Dallas, Texas. Do NOT MISS this GOLDEN opportunity to see the MOST BEAUTIFUL line you have ever seen in the Pan Handle.

For Personal references, refer to the Stockmen's National Bank for reliability and responsibility. Do NOT FORGET the date FRIDAY and SATURDAY, Nov. 14th and 15th.

Dalhart, Texas, Nov. 5, 1902. The Stayer, Canyon, Tex. Kind Friends:

I am elected by fifty or more majority.

Yours Truly, W. W. Hunt, C. C. D. C. Hurrah for Weary!

### Feed and Water.

We have pasture, water and a variety of feeds for 300 head of cattle. (Steers preferred). Baie and Wallace.

Messrs. J. T. and Henry Wesley of the south part of the county were in town to-day.

Chamlee, the Jeweler, has some beautiful diamond rings, pins and brooches at very reasonable prices. Go see them.

### The Defeated Candidate.

Last week he was ubiquitous. He seemed to have a stand on every corner that you passed. And gladly grabbed your hand. But now you do not meet him. Or if you do he sees. No cordial hand outstretched to him. He sadly turns and flees. He doesn't seem to know you. Or care for you a—hem. He who of erst was full of gush is now a regular clam. —J. M. Lewis, in Houston Post.

Mrs. W. C. Kenyon, and children have gone north to spend the winter and Will is a gay widower, but you need not smile on him girls, Mrs. K. will be home before the roses come again.

## ROSWELL STEAM LAUNDRY,

Frank Coulter, The Barber, Sole Agent.

This is the best laundry in reach of Canyon City and is perfectly reliable in every respect. You will do well to give them a trial. Basket leaves Tuesday and returns Saturday of each week.

Now the election is over, let us bury all dissension and differences and all pull together for the upbuilding of the town and country. What matters it whether your friends or some other fellow's got elected they are all good men and will do their best if we will help them. Therefore let every citizen put his shoulder to the wheel of progress and give the old town a push upward and onward.

### Circular of Information Sent From the Texas Experiment Station.

Circular of information issued by Dr. M. Francis, veterinary department Texas experiment station.

College Station is a postoffice, express office, freight office and telegraph office on the main line of the Houston and Texas Central and on the International and Great Northern railroad (Fort Worth and Houston division.)

Shipment of stock should be made to College Station—not to Bryan.

Attention is called to section 12 of the regulations of the State Live-stock Sanitary commission which requires that all cattle brought into Texas, Ohio, Indiana, Illinois, Kentucky, Tennessee, Michigan, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, and certain other states, shall be inspected by a veterinarian as to the presence of tuberculosis, and that a clean bill of health be given under oath, in duplicate, one copy of which is to be attached to the bill of lading and the other sent to M. M. Hankins, Quanah, Texas.

Cattle affected with tuberculosis will not be permitted to remain on the experiment station grounds.

The demands for practical demonstration of the process of inoculation of cattle against Texas fever have caused the station authorities to more than double its facilities for this work. The station can handle about 150 animals at one time in the best possible manner. All pens are provided with either artesian water or deep well water of the finest quality.

The station offers its services to the bonafide stockmen of the state for this purpose. It reserves the right to refuse those who wish to use the state's services for the purpose of speculation.

The most satisfactory subjects for inoculation are cattle from 10 to 16 months of age. Calves from 4 to 8 months of age are liable to become thin, weak and stunted, unless they have nurse cows. We do not like to be bothered with nurse cows because they more than double the expense, are liable to injure the calf or some other calf, and because they may bring ticks into the pens.

No cattle should be shipped to the station unless the owner has made all arrangements in advance with the authorities for their treatment.

Cattle that have been exposed to ticks will not be inoculated.

Animals will be received from November until March either by express or freight.

Freight and express charges must be prepaid or funds must be sent in advance to meet the charges on arrival of animals.

If there be a number of animals from one individual, we prefer to have the owner's man remain with them, because the experience he gains will enable him to give them proper attention after they are shipped to the ranches. In such cases, we cannot permit a change of men in charge of stock, until the experiments have closed. Written reports about the animals will be sent to the owners about once a week.

The station has no feed for sale. All feed and supplies will be purchased on the open market at current rates.

The veterinary department does only the veterinary work.

Remittances should be made by check to the veterinary department—not to individuals.

As a general rule, animals are held about 60 days. The cost per head will range from \$15 to \$25.

Animals are at the owners risk while at the station.

We cannot permit bulls to do service because they become reckless and unmanageable.

Charges against animals must be paid in full before they will be re-

leased for shipment.

Because of the larger number of cattle that will be under treatment at the college, and the responsibility attaching to their care, the veterinarian will not be expected to visit other portions of the state for the inoculation of cattle, except at his convenience.

During the past 4 years more than 2,000 animals have been treated by the station. Of these, less than 10 percent have died with fever.

The corset our merchants charge you \$1.00 for, the Famous, Amarillo sells for 38c. If

Mr. W. E. Bates' threshing engine was delighting the small boys on the streets this evening. Mr. Bates will crush, grind, thresh or separate any kind of grain for the public. This will prove of great benefit to the stockmen as it is a well proven fact that crushed grain is much more easily digested and relished by cattle and there is much less waste in feeding it.

Remember that I will sell you for less than the other fellow every time. A. L. Anderson.

There will be no preaching at the Baptist church next Sunday on account of Rev. Ballard being at Waco attending the State convention of the Baptist Church.

We have one of the largest and most complete stocks on the Plains. Canyon Lumber Co.

Rev. J. D. Ballard left last Tuesday eve for Waco to be gone a few days.

We are credibly informed that a cold storage dive or blind tiger will be put in here right away. Now if the citizens will uphold their County Attorney and give him the proper support it can be crushed in its infancy. But the present incumbent has had all the approbrium and all the evil epithets hurled against him that malice could suggest or hatred express, and for very shame's sake his successor, a young man untried and inexperienced, should be spared such indignities. For the sake of decency and good morals, give him your help, not faint and half hearted as the most of the good people have done by his predecessor, but with loyalty. He is a young man of pure and unblemished life and high aspirations and if given proper encouragement, will make Randall county a synonym for good government.

Cattle are going into the winter in fine condition and feed is plentiful, so the death rate promises to be light. The old sisters, calves and yearlings should be fed liberally and they will return the favor a hundred fold in flesh and vitality in the spring. Mr. D. A. McSpadden fed a bunch of yearlings all last winter and got enough more for them when sold to pay a fancy price for the feed and extra care he had given them.

The show came and small boy's heart was made. The clowns and the beautiful little ponies; the larger boy's hearts were glad because of the sweet smiles bestowed on them going and coming home by the sweetest girl to each one of them; the girls were happy in the consciousness of looking their best.

Mrs. M. F. Morton, our mother, is spending a week or so with us in Canyon enroute to her home at Bowie.
